EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife. Please see our website for the latest information: <http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>  
Regular updates will be posted as they are available.

I run the environmental claims division with CRU. I have worked many years with FEMA Region 8. I want to know who to contact about handling the claims from the mine spill.

Please email or call me.  
Cell Phone: 256-762-0512

I can deploy a thousand adjusters along the spill to intake claims and handle the claims response.
